**New entry of foreign nationals into Japan under the supervision of receiving organizations (JSH) is allowed !**

## New Entry of foreign nationals

Based on the New Border Measures (29), from June 10, 2022, foreign nationals who apply for new entry into Japan based on either of the following categories (1), (2) or (3) below are regarded as those with "special exceptional circumstances" and are allowed for new entry into Japan in principle, if the receiving organizations (The Japanese Society of Hypertension) complete prescribed applications in the Entrants, Returnees Follow-up System (ERFS).

(1) Foreign nationals newly entering Japan for a short-term stay (less than three months) for purposes including business and employment (continued from March 1)

(2) Foreign nationals newly entering Japan for a short-term stay for tourism (only when a travel agency among others organizing the trip serves as the receiving organization of the entrants) (start from June10)

(3) Foreign nationals newly entering Japan for a long-term stay (continued from March 1)

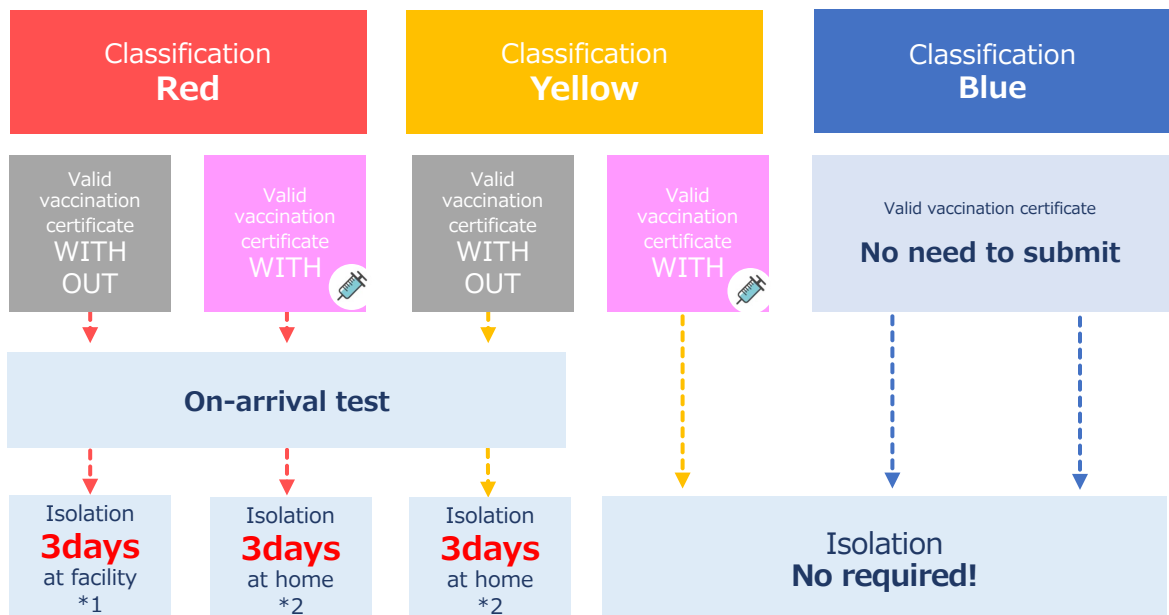

For further information of the New Border Measures (29), please refer to ["Measures for Resuming Cross-Border Travel"](#) page.

## Review on the on-arrival COVID-19 test and the home quarantine period after entry into Japan

From 0:00 am (JST) on June 1, 2022, based on the New Border Measures (28), on-arrival test, self-quarantine period and place of accommodation after entry into Japan may be changed according to the grouping ("Red", "Yellow" and "Blue" categories) of the countries/regions in which the entrants stayed within 14 days before the day of return to Japan or the day of application for landing on Japan and whether they obtain a valid COVID-19 vaccination certificate.
